

Nobeltec Support & Training Services

Get the most out of your Nobeltec TimeZero software by learning how to use 100% of its functionalities.

We are now offering several different types of service packages, so you can find one that perfectly meets your needs. Ranging from basic software installation to advanced customized live training in the use of Nobeltec software, there is a solution for every level of user.

Software installation: If you need help with installing the software on your computer, there is a simple answer. A member of Nobeltec technical support will remotely take control of your computer and carry out the full installation process. Afterwards your software will be ready to use, so you can start navigating without any delay.

Price: \$49

Chart installation: Nobeltec also offers a chart installation service. A Nobeltec technician will make sure that all of your MapMedia marine chart data is installed and ready to use – raster, vector, 3D data and satellite photos. All the charts that you have purchased will be installed so you will be assured of safe, accurate navigation.

Price: \$49

Software and chart installation: For a reduced price, you can opt for the Software and Chart Installation package. Let a Nobeltec technical support representative install both your Nobeltec software and all of your charts. Take all the hassle out of setting up your software so you will be ready to set sail quickly and easily.

Price: \$79

1H Remote training: With our 1 hour remote training service, a member of Nobeltec technical support will remotely take control of your computer. He will then show you how to use the main functions of the software while simultaneously explaining them over the phone. This is an exceptional one-on-one service which will teach you how to get started with your Nobeltec software or further your knowledge of specific topics.

Price: \$99

IMPORTANT: To schedule your session with one of our Support technicians, please send an email to support@nobeltec.com with your time and date preferences, as well as your phone number.
